

PENQUIN Whitepaper

PENQUIN Token White Paper

Project: PenQuiQui - Rocket to the Moon

PenQuiQui is more than a memecoin. It's a multimedia movement fueled by community, narrative, and nostalgia. Combining retro aesthetics, an evolving universe, and blockchain technology, PENQUIN is building a lasting impact in the crypto world and beyond.

Mission & Vision

PenQuiQui embarks on a mission to bring storytelling and charm back to crypto. Our goal is to create a game, NFT universe, and thriving token economy centered around PenQuiQui the Penguin and his AI companion Frostbyte. PENQUIN will live on Ethereum and grow into a recognizable force in Web3 pop culture.
